Dear Customers,

Let us invite you to the world of genuine Bohemian crystal - the world of lighting fixtures bearing the PRECIOSA brand name.

All the lighting fixtures from the 'Brilliant' line, which you will find in this catalog, were manufactured by the Preciosa company, the leading Czech producer of original crystal chandeliers. The lighting fixtures of the 'Brilliant' type we present on the following pages represent a selection of the most favorite types of fixtures repeatedly much sought after by our customers. Our experts systematically supervise both the design of and workmanship on the fixtures.

Genuine Bohemian crystal is guaranteed by the chandelier trimmings that decorate our lighting fixtures. Simultaneously, the PRECIOSA brand name is the unmistakable stamp of their high quality and origin.

Our company is popular not only as a producer of lighting fixtures for flat interiors, but also as a designer and producer of lighting systems for special purposes. That is why we have, by way of illustration, chosen examples of lighting projects. The fixtures included in these were also produced by Preciosa using genuine Bohemian crystal.

On the following pages, we would like to convince you that our lighting fixtures of the 'Brilliant' type were produced within the parameters set for elegant crystal lighting fixtures, thus meeting the demanding requirements for the highest quality.

Radan Haiblík

President of Preciosa - Lustry, a.s.

Traditional

Traditional

Chandelier trimmings cut from lead-free glass are typical of the traditional production in Bohemia stretching back to the former half of the 18th century. Thanks to their look based on tradition and history, they satisfy even the most discriminating customers. Lighting fixtures dressed with these trimmings are suitable especially for period interiors. On the other hand, they create an exciting counterpoint to austere modern interiors. These trimmings are often used in the production of replicas of historical lighting fixtures.

Standard

Standard

Hand cut or partly machine cut chandelier trimmings. Inspired by rich glassmaking tradition as well as modern trends, these crystals are characterized by distinct fire, rainbow sparkle and purity of shape. Each piece is checked for accuracy of cut and its high quality is guaranteed. They will satisfy even the most discerning customers. Chandelier trimmings of the Standard type offer an opportunity to those searching for quality at a reasonable price.

Premium

Premium

A sumptuous type of chandelier trimmings. Fire of the rainbow spectrum, brilliance, limpidity, glitter and perfect scattering and dispersion of light - these are their main features resulting from precise cutting using electronically controlled machines, but also from high quality crystal containing more than 30% of lead. Traditional mastery and the revealed mystery of the glass substance blend together with modern technologies and first-rate design in each of these unique pieces. Chandeliers dressed with these trimmings of exceptional beauty will lend an air of grandeur to the ambience even of the most prestigious interiors.

The Sheraton Hotel, Dongguan, China P.R.

B r i l l i a n t

The Brilliant radiance of these lighting fixtures is generated thanks to the rich, decorated, machine cut trimmings made of Bohemian crystal. The light, refracted by the surfaces of the trimmings, unravels into an antire spectrum of colors and generates a rainbow effect. The cascades of these resplendent stones offer the lighting fixtures an attractive form. The brilliant chandeliers open up a performance of color and imagination in interiors.

THE EXAMPLE OF NUMBERING

CB **0524** / **00** / **006**

① ② ③ ④ ⑤

① **Sort**

- A - Arm Type Chandeliers
- W - Wall Brackets
- T - Table Lamps
- C - Ceiling Chandeliers
- B - Basket Type Chandeliers
- P - Pendant Type Chandeliers
- F - Floor Lamps

② **Category**

- S - Crystal Symphony
- C - Bohemian Classic
- E - Enamel Romance
- M - Maria Theresa
- L - Light Elegance
- R - Royal Heritage
- B - Brilliant

③ **Type number**

④ **Variant**

⑤ **Number of sources of light**

PACKING OF PRECIOSA LIGHTING FIXTURES
